1. Rental motorbikes are not insured in Thailand, so I agree to pay immediately the current price in case of scratches, damages and broken parts of the rented bike caused by myself or third parties during the rental period (refer to detailed spare parts document). Furthermore I agree to pay the current price in case of theft of the bike or any part of the bike.

If I have an accident, or if I damage some parts of the bike, I have to call Jungle Wheels immediately in order to order the new parts before the end of my rental.

Automatic motorbikes are not suitable for riding in the mountains. If I go up to the hills, I will damage engine parts and have to pay for it.

In addition, it is very dangerous because I risk being blocked on a climb or having no brakes on a descent. Jungle Wheels reserve the right to refuse or stop a rental if my accommodation is too high and the road is too steep. For instance, it's forbidden to go to : Pra Buddha Dipankara, the Roof, Overlap Stone...

2. Jungle Wheels Samui will never have any responsibility in case of accident and/or injuries which might occur during the rental period of the motorbike.

3. **I confirm that I know how to ride a motorbike.** I have motorbike driving licence or a solid experience, I agree to drive safely, always wearing the helmets, to not take alcohol and/or drug. Only two adults are allowed when riding the motorbike.

4. I am committed to return back the motorbike in due time, **the rent is 24h**, or to call Jungle Wheels in case of extension of the rental duration (If I don't I will be charged 1000 THB/day).

I cannot rent or return my bike on Sundays, as the shop is closed.

I cannot rent or return my bike before 9am and after 6pm. If I leave and have an early flight, I have to bring the bike the day before, before 6pm. If I arrive to Samui late, the rent will start the next day.

5. I commit to not give or hire the bike to third party and take great care of the bike.

6. **Using the bike out of Koh Samui boundaries is strictly prohibited**, if I do so the hereabove contract would be broken and I agree to be charged 10 000 THB as a penalty. Our bikes have a GPS tracker.

7. I agree to return back the bike with the same level of fuel (95) otherwise I will be charged 100 THB.

Motorbike fuel level : bars.
